

EMPOWER YOUR ORGANIZATION THROUGH LEARNING & DEVELOPMENT

Our flexible training and facilitation offerings help emerging and established teams develop the skills they need to thrive.

OUR TRAINING & FACILITATION SERVICES

BOARDS RETREATS & CUSTOM WORKSHOPS

Professional development that strengthens leadership, clarifies vision, and drives organizational success.

Our board retreats and custom workshops go beyond typical off-site meetings. Instead, they are intentionally designed, hands-on working sessions that align leadership and translate strategy into clear, shared commitments.

OUR PROVEN PROCESS:

- **Deep Discovery.** We start with individual meetings with leadership and board members to understand group dynamics and identify specific organizational challenges and opportunities for growth.
- **Goal Setting.** Next, we work alongside teams to establish clear, measurable objectives for the retreat and beyond.
- **Custom, Collaborative Design.** Our approach involves key stakeholders in the retreat planning process to ensure maximum buy-in and engagement.

LEARNING MANAGEMENT & TRAINING

Leverage decades of nonprofit expertise to build learning programs that drive lasting change.

Our Learning Management & Training services draw from extensive experience in nonprofit consulting and capacity-building initiatives.

Whether you're developing internal training, board education, or community programs, our curriculum design ensures your educational investments create lasting impact.

Custom-designed curriculum can be deployed through your preferred channels or through Cultivate Impact – a digital collaboration platform created by Next Stage to bring people together around shared goals for social change.
